Rental A/C: Type: _____ Year _____ Model _____ Side# _____

Rental Start Date: _____ Rental End Date: _____

A/C Pickup: Date/Time: _____ A/C Return Date/Time _____

Agreed Rental Cost per Hour: \$ _____ Circle one. Wet Dry

Conditions: Renter (Young Aviators, Inc.) will: Use the aircraft noted above for primary/introductory flight training. Renter will operate the aircraft in accordance with published operating limits and will emphasize safety as the primary operating condition. Any damage to the aircraft caused by Young Aviators Inc while operating during the rental period outlined above shall be repaired at Young Aviator Inc. expense. Aircraft will be returned to Lessor/Owner in same condition as when accepted, including full fuel tanks and oil level.

Conditions: Lessor/Owner will: Provide the aircraft noted above for the specified rental period. At time of pickup the aircraft will be clean and in a fully safe operating condition. Fuel tanks will be full, engine oil will be at a proper operating level and aircraft tires and nose wheel oleo will be at the proper inflation levels. Aircraft radio(s), engine instruments and navigation instruments will all be fully operational. An aircraft tow bar will be provided. Any repairs to aircraft components and/or instruments caused by pre-existing conditions not identified at time of delivery will be repaired at Lessor/Owner expense. Repair costs will be discussed with and agreed to by Lessor/Owner before repairs are made.

I agree to the above information, agreements and conditions:
