

Young Aviators Summer Program Application for Financial Aid

The actual Young Aviator Program per student cost is approximately \$2,800. However, thanks to generous supporters and sponsors, the participation (tuition) fee is only \$795. This application form is for requesting financial aid to cover some or all of that \$795 participation fee.

Applicant's name: _____

Home address: _____

City / State / Zip: _____

Phone: _____ Email: _____

I am requesting additional financial aid to attend the Young Aviators program because:

1. Enclose supporting letter from parent/guardian confirming the additional financial aid requested.
2. Also enclose a letter from a school teacher or staff member that will support your ability to perform well as a Young Aviator student if selected and if additional financial aid is approved.
